Pure Oasis is a local, Minority-owned and designated Economic Empowerment by the Cannabis Control Commission.

Pure Oasis is a Socially-Conscious Brand. We are committed to social justice and helping underserved communities through activism.

We have a strong business focus and we are equally committed to the communities where we live and work.

Our highly qualified team brings extensive Entrepreneurial, Operational, Financial, Human Resources, and Legal expertise to the table as well as a serious commitment to Massachusetts's most underserved communities.

Our Company

In March 2020 Pure Oasis opened its 1st Retail location in Boston. Pure Oasis became the 1st recreational dispensary in a major city on the East Coast to open.

We have demonstrated a strong business acumen and are equally committed to the communities where people of color live and work. We strive to address social justice through economic empowerment.

When Massachusetts legalized recreational marijuana in 2016, the state also included a unique law requiring its Cannabis Control Commission (CCC) to establish a social equity program intended to assist people disproportionately impacted by the war on drugs. A pair of business partners, Kobie Evans and Kevin Hart, both African American, have become the first applicants to receive provisional approval to open a recreational dispensary. Besides being the first marijuana store to benefit from the CCC's social equity program and the state's Office of Economic Empowerment, it is also the first store to be located anywhere in the City of Boston.

The Cannabis Industry is an opportunity to create generational wealth and begin to offset the harm done. We aim to ensure that our business becomes a beacon of inspiration. Kevin and I encourage entrepreneurs in the cannabis business to keep going.

Operations

- Pure Oasis employs knowledgeable cannabis experts to help customers make informed purchases that will ultimately suit their way of life. The Pure Oasis mission is to create a high-quality, five-star dispensary that provides safe and convenient access.
- The sale of cannabis will be for adults only. We ensure this through the development and implementation of policies and procedures that eliminate the diversion of cannabis to those individuals under the age of 21.
- Part of our mission is to address Social Justice and improve the lives of people in communities that have been devastated by the “War on Drugs.”

Security

- Our focus will be on keeping the surrounding community safe.
- We will partner with local law enforcement.
- We will implement policies and procedures to prevent diversion.
- A recent study found that cannabis dispensaries had a positive effect on crime in the neighborhoods in which they were located because of the partnership that dispensaries have with local law enforcement.
- We are mandated to have state-of-the-art security surveillance systems. To have a safe working environment, the exterior of the building will be well lit and dispensary staff will be trained to report any suspicious activity.
- Our location will have the video and security system monitored 24/7.

Jobs

- We are committed to hiring locally.
- It is critical to hire local so that money is kept in the community where it does the most good.
- We will focus on hiring individuals who have marijuana-related CORIs.
- We want to provide opportunities to individuals who were arrested for non-violent cannabis-related offenses.
- We want to diversify the industry and create opportunities for those who have been marginalized.

Community

We work with existing businesses and community members and we strive to be an accountable member of local business and social communities.

As a business, upon opening, we will join the major business associations and take part in local activities. Our Operations Manager will ensure that relationships with neighboring businesses are maintained. The Operations Manager of Pure Oasis will provide the nearby companies with the Operations Manager's contact information, so that they can contact him/her to report anything, including violations of our policies and procedures, to which they will also have access. As a company, Pure Oasis also aims to maintain a healthy relationship with the local authorities.

Pure Oasis will work toward helping to identify the issues affecting both businesses and social groups. Pure Oasis will become involved in the community in an appropriate way in each of the communities our stores are located, such as creating a plan that will be able to reduce traffic congestion around our dispensaries.

We aim to cultivate opportunities for individuals who have been marginalized and disenfranchised—providing jobs and legitimacy, overturning stereotypes, and developing skills and confidence. Our vision is a high quality, well designed, and well-run business that delivers economic empowerment as it sells a quality product.
